

Notice CC (BCS OKO)

A fault occurred during the upload of some documents to our webpage. The CC (Confirmation of Compatibility for use in organic agriculture) emitted by the certifier BCS OKO Garantie to the products of Priya Chemicals has been altered, so that seven documents (CC) for the period ending Jan.31st, 2013 were combined into one document which contain incorrect information about the referred products.

**The correct, individual 7 CC for the above period 2012 are available with us .
New updated certificates for the period of 1 st Feb. 2013 to 31st Jan 2014 are available on our website under download and under individual product.**

**All concerned and affected parties are requested to contact us for more details and clarifications.
Any inconvenience caused is deeply regretted.**

Also, Priya Chemicals discharge any responsibility of BCS OKO- Garantie, its partners, directors, managers and employees, for any damages that may have occurred as a result of our fault.
